

The New Girl

There was a new family in the neighborhood. They had a little girl about Fiona's age, and Fiona really wanted to meet her. The first time Fiona saw the new girl in school, she smiled and said hello. When she saw her on the bus home from school, Fiona asked if they could sit together, and she told the new girl all about their neighborhood. One afternoon a few days later, when Fiona was outside playing with some of her friends, the new girl came outside. She stood in her front yard, looking uncomfortable. Fiona smiled, and waved, and called to her, and invited her to come play, which her new friend was happy to do!

What is the main idea? Circle the correct answer.

- A. Fiona takes the bus to school.
- B. There is a new family in the neighborhood.
- C. Fiona is a very friendly girl.

Which of the following is a supporting idea?

- A. Fiona smiles and says hello.
- B. The family has a girl about Fiona's age.
- C. There is a new family in the neighborhood.
