Compare & Contrast Worksheet 6:

1. The three things that Alaska and Rhode Island have in common are that they are both states, they both have coastlines, and people visit both states.
2. A surprising fact is that Alaska is the largest state, but has a small population, while Rhode Island is the smallest state, but has more people than Alaska.
3. Three things that are different between Alaska and Rhode Island are that Alaska is on the west coast while Rhode Island is on the east coast, Rhode Island has more people than Alaska, and Rhode Island mainly produces lobster while Alaska produces oil and fish. Another difference is that people visit Alaska to see the mountains and wildlife, while people visit Rhode Island to see the beaches and Newport, the sailing capital of the world. Also, Rhode Island's main trade is finance. Many people do not live in Alaska because of the extreme weather.
